Second Program Year CAPER

The CPMP Second Consolidated Annual Performance and Evaluation Report includes Narrative Responses to CAPER questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

The grantee must submit an updated Financial Summary Report (PR26).

GENERAL

Executive Summary

This module is optional but encouraged. If you choose to complete it, provide a brief overview that includes major initiatives and highlights that were proposed and executed throughout the first year.

Program Year 2 CAPER Executive Summary response:

PY 2011 ONE-YEAR ACTION PLAN SUMMARY

The Jefferson County Consortium Proposed One Year Action Plan for the 2011-2012 Program Year outlines the proposed projects to be undertaken by the County with funds from the Community Development Block Grant Program (CDBG), the Home Investment Partnerships Program (HOME), and the Emergency Shelter Grant Program (ESG). Outlined below are the projects listed by housing and non-housing categories and how the projects address the County's overall strategy.

Jefferson County proposed to receive \$1,850,627 in CDBG funds, \$15,000 in revolving loan funds, and \$15,000 in program income; \$906,768 in HOME funds, and \$75,000 in HOME program income; \$89,937 in federal Emergency Shelter Grant funds; and \$50,590 in federal Emergency Solutions Grant funds making a total of \$3,002,922 in funds available for Program Year 2011-12.

Housing programs received \$497,470 of the total CDBG funds available. These Housing programs include Housing Emergency Grant program and Housing Accessibility Grant program. Fair Housing Counseling was funded at \$25,000 as a public service.

Non-housing programs funded under the CDBG program include economic development programs, public services, and public facilities as well as planning and administration costs. The budgeted expenditures on these programs are as follows:

Public Facilities	\$ 810,000
Public Services	25,000
Economic Development	15,000
Program Administration	533,157

Homeless Assistance Programs: Jefferson County received \$89,937 Federal Emergency Shelter Grant funds. Requirements on Emergency Shelter Grant funding including unlimited operations, unlimited renovations, essential services (limited to 30% of total grant), prevention (limited to 30% of total grant, and must be spent within 6 months), and staff salaries (limited to 10% of total grant). Jefferson County Emergency Shelter Program Administration funds are \$4,133.

Additional Homeless Assistance Programs:

HOME Program: Jefferson County proposed to receive \$906,768 in HOME funds for the Program Year beginning October 1, 2011; and \$75,000 in program income, for a total of \$981,768. These funds are proposed for use in the Home Buyers Assistance Program and Special Needs Rental program. Pursuant to the authority provided in 24 CFR 5.110, HUD has waived the HOME matching contribution regulatory requirement found in 24 CFR 92.222(b), thereby, reducing the match liability for Jefferson County by 100 percent with respect to any HOME funds expended during Fiscal Year (FY) 2011 and FY 2012 (from October 1, 2010 through September 30, 2012).

ECONOMIC DEVELOPMENT

Jefferson County manages an Economic Business Loan Program that provides low interest loan of up to \$350,000 to businesses for expansion. Loans are provided on a county-wide basis, with the goal of creating new jobs for low- and moderate-income residents of the County. Loans may be made from CDBG funds, Section 108 Loans or Float Loans. Section 108 or Float Loans may be up to \$1,000,000.

Economic Development Program, \$15,000.00

General Questions

1. Assessment of the one-year goals and objectives:
 - a. Describe the accomplishments in attaining the goals and objectives for the reporting period.
 - b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective.
 - c. If applicable, explain why progress was not made towards meeting the goals and objectives.

Response:

1 a. Jefferson County made significant progress during PY 2011, the second year of its Five Year Consolidated Plan. Below are the specific accomplishments:

- A. Emergency Housing Rehabilitation Grant Program (CDBG):

59 homes repaired for lower income households broken down as follows:

<u>Goal</u>	<u>Actual Accomplishments</u>
20 - 0%-30% of MHI*	31 - 0%-30% of MHI*
20 - 31%-50% of MHI	11 - 31%-50% of MHI
05 - 51%-80% of MHI	17 - 51%-80% of MHI

B. Volunteer Based Housing Rehabilitation Program (CDBG):

2 homes repaired for lower income households broken down as follows:

<u>Goal</u>	<u>Actual Accomplishments</u>
0 - 0%-30% of MHI	<u>2</u> - 0%-30% of MHI
0 - 31%-50% of MHI	<u>0</u> - 31%-50% of MHI
0 - 51%-80% of MHI	<u>0</u> - 51%-80% of MHI

c. Goals were exceeded for CDBG housing rehabilitation activities.

In the HOME Program, the Special Needs Rental Housing Goals were exceeded by over 300%. The Hickory Ridge elderly development was completed and all 22 units were leased. In addition, 40 units of Special Needs Rental Housing are underway in the City of Pleasant Grove. This development, The Arbors at Ellington, is anticipated to be closed out by the second quarter of the upcoming year. The goal of 8 units was met for the Home Buyer Assistance Program by the completion of 6 units in the current reporting period (2 additional units were completed ahead of schedule and were reported in the previous year CAPER).

1.c. Non-Housing CDBG: Those projects which have not been completed that are still in the design phase have not made progress to the construction phase due to the completion of the Phase I Environmental and completion of title searches and deed acquisitions.

1.c. Emergency Shelter Grant: Only one (1) ESG activity has not been completed.

2. Describe the manner in which the recipient would change its program as a result of its experiences.

Response:

Jefferson County does not propose any changes to its program as a result of its experiences.

3. Affirmatively Furthering Fair Housing:
 a. Provide a summary of impediments to fair housing choice.

b. Identify actions taken to overcome effects of impediments identified.

Response:

- ✓ Citizens' lack of financial resources to compete in the housing market;
- ✓ Citizens' lack of education concerning their rights under the Fair Housing Act;
- ✓ Citizens' lack of training and understanding in the mechanics, procedures and requirements of the current generation of Financial Institutions, sellers and landlords;
- ✓ Citizens' lack of knowledge in such areas as financial management and credit stability;
- ✓ The virtual impossibility of the private sector to provide either non-subsidized rental or ownership opportunities to those within the 80% of median income range;
- ✓ Lack of infrastructure, particularly sanitary sewer, in large areas of the county, thus precluding both affordable and non-affordable new construction;
- ✓ Sanitary sewer and water impact and monthly charges which are increasing at a frightening rate and decrease the available income that lower income households have for either mortgage or rent payments;
- ✓ Lack of public transit outside of very limited urbanized areas thus decreasing the options that transit-dependent lower income households have;
- ✓ Lack of accessible housing, both owner and rental, for those with disabilities;
- ✓ Lack of Section "8" Vouchers and Certificates limits the housing options available to lower income households;
- ✓ Inadequate housing for the low, very low and extremely low income elderly;
- ✓ The presence of lead-based paint in much of the existing housing stock which is otherwise affordable; and
- ✓ Discrimination in one hateful form or another.

Response to b:

- **Actions Taken or to be Taken to Overcome the Effects of Impediments Identified in the Analysis Include the Following:**

1. Jefferson County has contracted with the Jefferson County Housing Authority to provide Fair Housing and Home-Ownership Counseling Services. The Jefferson County Housing Authority has, for its part, provided educational opportunities for its award winning counseling staff which will improve the quality of services. Home-Ownership Counseling includes credit and budget analysis as well as the creation of long term goals leading to home-ownership;
2. Jefferson County will continue to participate in HUD sponsored events and other programs. This has included a variety of public events designed to increase public awareness of the housing options available to lower income households and what the individuals rights are under the law;
3. Jefferson County has and will continue to incorporate the Fair Housing logo in all of our housing promotional materials;
4. Jefferson County has created a variety of Home-Buyer Assistance Programs which are available at a variety of locations throughout the Community Development Consortium. By creating county-wide or demand based Program, Jefferson County has publicly repudiated redlining and embraced the concept that an individual or family has every right to live any area that their budget permits;
5. Jefferson County has and will continue to use HOME funds (through single family and multi-family initiatives) to increase the availability of non-traditional market housing. This housing is designed to be fully adaptable (single family units) and incorporate fully accessible and sensory impaired units (multi-family developments);
6. Jefferson County has created an Emergency Housing Rehabilitation Grant Program and Volunteer Based Housing Rehabilitation Program for homeowners to bring homes up to a more safe, sanitary and decent condition and which can also be used to make accessibility modifications to the homes of those with disabilities. This Program greatly increases the ability of low income homeowners including those with disabilities to remain in their homes; and
7. Jefferson County has provided grant assistance to the Greater Birmingham Habitat for Humanity to increase the number of new units available to lower income homeowners. Habitat implements a demand based housing initiative responding, where feasible, to the request of applicants for housing in a variety of areas. They have further embraced the concept of Universal design whereby units (pre sold) are either accessible for those with disabilities or are easily adaptable for those without disabilities.

4. Describe Other Actions in Strategic Plan or Action Plan taken to address obstacles to meeting underserved needs.

Response:

In the Year Five Strategy (Program Year ending September 30, 2012), Jefferson County's goal was to complete 4 units of rental housing for the elderly. In this period ending 9/30/12, Jefferson County has completed construction and lease up of twenty-two (22) units of rental housing for the elderly located in the Ketona community and forty (40) in the close out phase in the City of Pleasant Grove. The HOME program is providing the funding.

5. Leveraging Resources

a. Identify progress in obtaining "other" public and private resources to address needs.

The Hickory Ridge Special Needs Rental Housing for the Elderly development (HOME) received a \$200,000 private grant from the Jefferson Assisted Housing Initiative. An agreement has been executed for another phase of this project. It has been funded with HOME and a private grant of \$500,000.00 and is currently in the design phase. The 40 units in the City of Pleasant Grove, a \$5.3 million development, were funded with Jefferson County HOME funds, State HOME funds, Low-Income Housing Tax Credits and private loans. This development will be closed out in the upcoming year. Under the single family programs both Homebuyer Assistance (HOME) and Volunteer Based Housing Rehabilitation Program (CDBG), Jefferson County has leveraged approximately \$300,000 in donated funds and materials as well as countless hours of

volunteer labor through Greater Birmingham Habitat for Humanity for the year ending 9/30/12.

b. How Federal resources from HUD leveraged other public and private resources.

Through its HOME Special Needs Rental Housing and homebuyer activities, Jefferson County leveraged approximately of \$825,000.00 in other funds for activities closed out in the reporting period.

c. How matching requirements were satisfied.

The HOME match requirement was waived for Program Year 2011. However, the Jefferson County Housing Authority provided match that consisted of the fair market value of materials and services provided for the Hickory Ridge Special Needs Rental Housing project.

ESG matching requirements were satisfied by the sub-recipients through cash; the value or fair rental value of any donated material or building; the value of any lease on a building; any salary paid to staff to carry out the program; and the value of the time and services contributed by volunteers to carry out the program at a current rate of \$5 per hour.

Managing the Process

1. Describe actions taken during the last year to ensure compliance with program and comprehensive planning requirements.

Program Year 2 CAPER Managing the Process response:

During the last year, Jefferson County has maintained regular monitoring of projects and sub-recipients. Jefferson County has also conducted in-house monitoring of program managers to ensure compliance.

Citizen Participation

1. Provide a summary of citizen comments.

Response:

The CAPER narratives and IDIS reports were released for public comment on November 23, 2012, and were made available in the libraries and Jefferson County's website. An ad in The Birmingham News, The Birmingham Times, and The Latino News announced its availability and solicited comments from citizens. A public hearing was held on November 29, 2012. No comments were received during the 15-day comment period.

2. In addition, the performance report provided to citizens must identify the Federal funds made available for furthering the objectives of the

Consolidated Plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of minority concentration). The geographic distribution and expenditure requirement may also be satisfied by specifying the census tracts where expenditures were concentrated.

***Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.**

Response:

The CDBG Activity Summary Report in Appendix C indicates the total amount of funds committed and expended for each activity during PY2011, along with accomplishments and the geographical location of each activity. The maps highlighting the geographic distribution are in Appendix E.

Institutional Structure

1. Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

Program Year 2 CAPER Institutional Structure response:

Jefferson County continues to implement its Consolidated Plan through its Office of Community and Economic Development which serves as the lead agency. Jefferson County has worked with a number of agencies both public and non-profit in delivering services to the residents of the County. Jefferson County's HOME program has solicited outside sources of funds through both public and private sectors including Low Income Housing Tax Credits, State HOME funds and private grants. The CDBG funded housing rehabilitation programs has also worked with volunteer and faith based entities when possible. The ESG program worked through a variety of non-profit entities to support Continuum of Care initiatives.

Monitoring

1. Describe how and the frequency with which you monitored your activities.
2. Describe the results of your monitoring including any improvements.
3. Self Evaluation
 - a. Describe the effect programs have in solving neighborhood and community problems.
 - b. Describe progress in meeting priority needs and specific objectives and help make community's vision of the future a reality.

- c. Describe how you provided decent housing and a suitable living environment and expanded economic opportunity principally for low and moderate-income persons.
- d. Indicate any activities falling behind schedule.
- e. Describe how activities and strategies made an impact on identified needs.
- f. Identify indicators that would best describe the results.
- g. Identify barriers that had a negative impact on fulfilling the strategies and overall vision.
- h. Identify whether major goals are on target and discuss reasons for those that are not on target.
- i. Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Program Year 2 CAPER Monitoring response:

1. Jefferson County has instituted a policy where construction projects are monitored during the construction phase for compliance with applicable regulations. Public Service and Emergency Shelter Grant programs are monitored no less than once a quarter and prior to the approval of all pay requests. Housing Rehabilitation activities are monitored before, during and after the construction phase and prior to any payments.
2. Site visits to CDBG projects under construction allow the project manager an opportunity to interview employees who will be listed on the contractor's/sub-contractor's payrolls and effectively identify any conflicts or discrepancies.

Each sub-recipient that is monitored for public service and emergency shelter programs signs a monitored receipt letter that verifies that the agency has received a monitoring visit. Agencies then receive a follow-up letter that addresses the results of the monitoring and lists any recommendations if needed.

3. Self Evaluation

- a. The program's effects have been wide ranging including improved affordable housing, services to the County's homeless and special needs populations, economic development and improvement of public facilities.

- b. Availability/Accessibility of Decent Housing
Jefferson County has made tremendous progress in not only meeting but in exceeding priority needs in making decent housing available and accessible to the residents of Jefferson County during Program Year ending 9/30/2012.

Affordability of Decent Housing

To date Jefferson County has accomplished its goals in making housing affordable during Program Year 2011 ending on 9/30/12.

Sustainability of Decent Housing

Jefferson County has accomplished goals in sustaining decent housing for the homeless within the Jefferson County area during Program Year 2011 ending on 9/30/12.

Availability/Accessibility of Suitable Living Environment

Jefferson County has accomplished 100% of its goals in making a suitable living environment available/accessible to Jefferson County residents.

- c. Jefferson County provided decent housing for low and moderate-income persons by making available the following programs: Housing Emergency Grant, Volunteer Based Housing Rehabilitation, Fair Housing Counseling, Home-Buyer Assistance, and Special Needs Rental Housing for the Elderly.

Jefferson County provided a suitable living environment principally for low and moderate-income persons through the funding of construction and renovation for community centers, senior centers, parks, and water line installations.

Jefferson County expanded economic opportunity principally for low and moderate-income persons by providing economic development technical assistance to businesses and by making available economic development business loans.

- d. Currently there are no activities falling behind schedule.
- e. If you look at the County's housing and infrastructure initiatives as outlined in the Consolidated Plan, it is clear that its programs are addressing, to a greater or a lesser degree, the priorities set-out by said Plan. The goal of our housing programs is multifaceted in that it attempts to address a variety of goals including affirmatively furthering fair housing; addressing the needs of those with Disabilities; addressing the needs of those who are homeless as well as those with specific social and physical needs and disabilities; addresses the need to help homeowners that are at the lowest end of the economic scale; tap the ability of volunteers to address these needs and provide a mechanism to achieve this goal. It is foolhardy to maintain that all goals have been met. Many lessons have been learned thus requiring the County to rethink and revise its initiatives in certain instances and as circumstances dictate. The success in expanding our initiatives toward very low-income homeowners can be seen in the statistics for the Housing Emergency Grant Programs.

Jefferson County has also attempted to reach the low and very low-income residents and the homeless through an extensive Open Season period. During the 2010 Open Season period Jefferson County received 83 applications for 2011 CDBG funds. Only 70% of those applications received were eligible for funding. During that same 2010 Open Season period Jefferson County received 8 applications for 2011 ESG funds. Three of those applications were funded with State ESG funds. The other five applications were funded with Federal ESG funds.

Encouraging home ownership cases provides both a limited and a concentrated impact. The encouragement of homeownership has been and remains a High Priority under our Consolidated Plan. Scattered site home ownership revolving around the purchase of existing homes has a limited neighborhood impact though it is a strong component in our efforts to Affirmatively Further Fair Housing. Concentrated new home construction in selected areas has, however, given us the ability to expand home ownership while strengthening communities as a whole and increasing property values.

Our HOME funds are being used by the Greater Birmingham Habitat for Humanity to achieve this goal through both scattered site and targeted initiatives. Our use of HOME funds to develop affordable rental housing for the Special Needs Elderly within the Ketona community of unincorporated Jefferson County (22 units – Hickory Ridge) and prior developments in the cities of Brighton (11 units), Homewood (8 units) and Lipscomb (40 units) have made a positive impact on the affected communities by providing housing opportunities for the elderly, a sometimes difficult market to serve. Jefferson County has 40 units of affordable rental housing for the Special Needs Elderly in the close out stage in the City of Pleasant Grove.

The public service programs have afforded low and moderate income persons access to programs that otherwise might not have had. More residents have access to fair housing counseling which in turn can lead to increased homeownership.

Community Centers and senior citizens centers affords low and moderate income residents and senior citizens with facilities that can improve their living environment by offering programs such as exercise, nutrition classes, and basic socialization.

Emergency Shelter Grant funded programs provide suitable living environments for persons who are homeless through short term and long term living arrangements, access to essential services, and homeless prevention to keep people in their homes.

- f. The indicator that would best describe the results for providing decent housing would be the number of housing units assisted or completed.

The indicators that would best describe the results for providing a suitable living environment would be the number of public facilities completed as well as the number of people benefiting from the public service, Emergency Shelter Grant, or infrastructure project.

The indicator that would best describe the results for providing economic opportunities would be the number of jobs created and retained through micro or business loans, or the number of businesses provided technical assistance.

- g. Funds or lack of funds constitutes the greatest barrier for housing, non-housing, and homeless programs. Other factors, which cannot be ignored, are the limitations on the government's ability to solve the housing problems of its citizens. Our efforts directed toward volunteerism, working with non-profits and leveraging are designed to positively address these barriers.

- h. Housing:

CDBG - The Emergency Housing Rehabilitation Grant Program and Volunteer Based Housing Rehabilitation has met goals by approximately 126%.

HOME - The Special Needs Rental Housing Program has exceeded its goal by over 300%. The goal was 4 units. Construction and lease up was completed on 22 units in

the Hickory Ridge development for the year ending September 30, 2012. In addition, construction has been completed on another 40 units in the City of Pleasant Grove (The Arbors at Ellington) and is in the close out stage. The Homebuyer Assistance Program has met its goal by completing 2 units ahead of schedule and 6 in the current reporting period.

Non-Housing:

CDBG – There is a shortage of funds needed to cover all the needs for Jefferson County under infrastructure, public facilities, and public service. Dollars begin to shrink as the cost of materials and supplies increase.

ESG - There is a shortage of funds needed to cover all the needs for the homeless of Jefferson County and efforts to eliminate chronic homelessness.

- i. Jefferson County's goals, objectives, programs and projects are evaluated periodically to determine what if any changes are needed.

Lead-based Paint

1. Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.

Program Year 2 CAPER Lead-based Paint response:

1. All Housing Rehabilitation Programs implemented by Jefferson County through its Office of Community and Economic Development are implemented in compliance with all applicable Federal, State and local rules and regulations.
2. Jefferson County further considered but did not apply for additional lead hazard reduction funds.
3. Jefferson County has purchased an XRF (X-Ray Fluorescence) technology lead analyzer for testing lead-based paint and its Senior Housing Rehabilitation Specialists have been trained and permitted for the use of this machine. The XRF lead analyzer is currently in use thus reducing our dependence on outside consultants.
4. Jefferson County Office of Community and Economic Development is licensed by the State of Alabama as a Lead Contracting Firm authorized to do Lead Inspection/Risk Assessment and Lead Designer. These designations result from ongoing training and training update and means that Jefferson County case test a house for the presence of lead-based paint, perform a risk assessment and prepare lead hazard reductions specifications for bid.

HOUSING

Housing Needs

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe Actions taken during the last year to foster and maintain affordable housing.

Program Year 2 CAPER Housing Needs response:

The following Programs have been developed and implemented to foster and maintain affordable housing.

- Emergency Housing Rehabilitation Grant Program
- Volunteer Based Housing Rehabilitation Program
- Homebuyer Assistance Program
- Special Needs Rental Housing for the Elderly

The programs were implemented in response to the Housing Needs found in the Housing Needs Table. The results are also noted in the Housing Needs Table.

Specific Housing Objectives

1. Evaluate progress in meeting specific objective of providing affordable housing, including the number of extremely low-income, low-income, and moderate-income renter and owner households comparing actual accomplishments with proposed goals during the reporting period.
2. Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.
3. Describe efforts to address "worst-case" housing needs and housing needs of persons with disabilities.

Program Year 2 CAPER Specific Housing Objectives response:

<u>Goal</u>	<u>Actual Accomplishments</u>
8	6 (an additional 2 units were completed ahead of schedule and reported in the prior year)

2. Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.

All units assisted and found noted in 1a above and in the results found in the Housing Needs Table.

3. Describe efforts to address “worst-case” housing needs and housing needs of persons with disabilities.
 - a) Jefferson County completed twenty-two (22) units of special needs rental housing for the elderly in the Ketona community in unincorporated Jefferson County. As part of the project, the owner applied for and received Project-Based Rental Assistance (HAP contract) for all units in the development that provides rental assistance to very low income elderly renters. In addition, all units are handicap adaptable with wide door ways and grab bars in the bathrooms. Six (6) units are fully accessible [three (3)

times the minimum required] with one (1) unit accessible for those with sensory impairments. A second phase of this development has been funded and an agreement executed. These units will also have Project-Based Rental Assistance. The project is in the design stage.

- b) Jefferson County further addresses the needs of the disabled by requiring that all rental and homebuyer units be handicap adaptable with some rental units fully accessible. Should a homebuyer have accessibility needs, fully accessible homes can be constructed to meet their requirements.
- c) Construction has been completed on forty (40) units of Special Needs Rental Housing for the Elderly in the City of Pleasant Grove. All units are handicap adaptable with two (2) fully accessible and one (1) accessible for those with sensory impairments. These units will serve a population age 62 or older.

Public Housing Strategy

1. Describe actions taken during the last year to improve public housing and resident initiatives.

Program Year 2 CAPER Public Housing Strategy response:

Jefferson County continues to support the efforts of Consortium Public Housing Authorities (PHA's) to address the needs of public housing and public housing activities through the execution of Letters of Consistency supporting their funding initiatives. Jefferson County further supported the efforts of Consortium PHA's to encourage public housing residents to become more involved in management and encourage their interest and efforts to move to homeownership through the same mechanism and by working with them with its HOME homeownership assistance program. Jefferson County also enlists the help and support of the Consortium Public Housing Authorities during the Open Season period.

Barriers to Affordable Housing

1. Describe actions taken during the last year to eliminate barriers to affordable housing.

Program Year 2 CAPER Barriers to Affordable Housing response:

1. The HOME Program provided financial assistance through its Homebuyer Assistance Program, to qualified home buyers that will offset a portion of the cost or barriers to affordable housing. Six (6) homebuyers were assisted in the fiscal year ending September 30, 2012.
2. The Home Program further used HOME funds to finance affordable housing for the elderly and those with special needs. In the Fiscal Year

ending September 30, 2012 Jefferson County completed and leased up twenty-two (22) units of housing for the elderly (Hickory Ridge) located in the Ketona community of Jefferson County. All Hickory Ridge units are handicap adaptable with six (6) units fully accessible [three (3) times the minimum required] and one (1) accessible for those with sensory impairments. A second phase of this development has been funded and is in the design stage.

3. Jefferson County completed construction on forty (40) units of special needs rental housing for the elderly for a project that was also awarded funding by the Alabama Housing Finance Authority (AHFA) under the LIHTC/HOME Programs. Jefferson County also issued one Letter for Commitment for fifty-six (56) units of special needs rental housing for the elderly for a project that has been awarded funding by the Alabama Housing Finance Authority (AHFA) under the LIHTC/HOME Programs. The project is in the design stage.

HOME Program

1. Assessment of Relationship of HOME Funds to Goals and Objectives
 - a. Evaluate progress made toward meeting goals for providing affordable housing using HOME funds, including the number and types of households served.
2. HOME Match Report
 - a. Use HOME Match Report HUD-40107-A to report on match contributions for the period covered by the Consolidated Plan program year.
3. HOME MBE and WBE Report
 - a. Use Part III of HUD Form 40107 to report contracts and subcontracts with Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).
4. Assessments
 - a. Detail results of on-site inspections of rental housing.
 - b. Describe the HOME jurisdiction's affirmative marketing actions.
 - c. Describe outreach to minority and women owned businesses.

Program Year 2 CAPER HOME response:

1. During the reporting period, Jefferson County reached its goal of eight (8) homebuyer units by completing a total of 6 units during the reporting period and 2 units ahead of schedule that were reported in the previous year through its Homebuyer Assistance Programs. Of the six (6) households served, six (6) were African-American/Non-Hispanic. Three (3) households were Single Parents, one (1) was a Two Parent household, one (1) was Single/Non-Elderly and one (1) was Other. Two (2) households were at 0-30% of MHI, one (1) was at 30-50% of MHI and three (3) were at 60-80% of MHI.

Jefferson County has completed twenty-two (22) units of special needs rental housing for the elderly in the unincorporated Ketona community (Hickory Ridge), and completed construction and lease-up of an additional forty (40) units of special needs rental housing for the elderly (The Arbors at Ellington) in the City of Pleasant Grove for the year ending September 30, 2012.

2. HOME Match Report

See Appendix A

3. HOME MBE and WBE Report

Minority Business Enterprises participated in the HOME program for the year ending September 30, 2012 as follows:

Black/African American	\$-0-
Hispanic	\$-0-
American Indian	\$-0-
Women Owned Business	\$-0-

4. **Assessments**

a. It is the County's policy to inspect all rental housing developments of 26 units or more annually with a minimum of 20% of units inspected on the interior and a full exterior inspection. These developments are Artesian Springs, Oak Park Villas and Serene Grove. Historically, all developments are well maintained and well managed with only minor repairs required.

b. AFFIRMATIVE MARKETING (Below is the method that Jefferson County complies with HOME Affirmative Marketing Requirements). Six (6) homebuyers were assisted in the year ending September 30, 2012. Of the six (6) occupied units, all six (6) were occupied by African American/Non-Hispanic households.

In compliance with HOME final rule *24 CFR 92.351 a*, Jefferson County is adopting affirmative marketing procedures and requirements for HOME-assisted housing containing 5 or more housing units. The objective of this marketing plan is to promote fair housing by ensuring outreach to all potentially eligible households, especially those least likely to apply for assistance. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to a person's gender, race, color, national origin, religion, disability or familial status (persons with children under 18 years of age, including pregnant women). These procedures and requirements are as follows:

1. Public Information

Jefferson County will schedule an information meeting or meetings with the general public, owners and tenants to explain the HOME Program, Fair Housing Laws, and the County's Affirmative Marketing policy. The meeting will be advertised in a newspaper of general circulation, a minority owned newspaper serving the minority community, as well as with an announcement mailed to local mayors, Public Housing Agencies (PHA's) and community leaders. Jefferson County will provide speakers for smaller meetings on an as-requested basis.

2. Owner's Requirements and Practices

Recipients of assistance under the HOME Program will be required to practice Affirmative Marketing. Each HOME-funded housing owner will comply with the Jefferson County Affirmative Marketing Procedures and Requirements as stated in this document, particularly in regards to information dissemination, outreach, and record keeping.

3. Special Outreach Efforts

- a) Jefferson County and through their Grantees will notify community organizations, employment centers, churches, fair housing groups or housing counseling agencies to inform and solicit applications from persons in the housing market area who are not likely to apply for the housing without special outreach efforts. Jefferson County will contact groups and agencies that provide services to, or have as members, persons determined as likely to apply for assistance under the Section 8 Program.
- b) Jefferson County through their Grantees must place advertisements in a newspaper of general circulation as well as a newspaper owned by minorities and serving the minority community. The Equal Housing Opportunity logotype and slogan must appear in all printed materials and publications. A Fair Housing Poster must be prominently posted at office locations and during meetings and seminars.
- c) Jefferson County will provide program and project data to the local senior citizen's coordination center (OSCA - Office of Senior Citizen's Activities) as well as community and minority groups.
- d) Jefferson County will provide program data to organizations and groups representing those with special housing needs such as the physically or mentally disadvantaged, the homeless and those suffering from AIDS.

4. Records

- a) The County, Grantees and the PHA's will be required to maintain copies of all printed releases, solicitations and advertisements regarding this program, including individual projects, as well as copies of letters used in the Special Outreach Efforts.
- b) Jefferson County will monitor compliance with all Outreach efforts and will prepare periodic reports on compliance.

5. Assessment of Efforts and Corrective Actions

- a) Jefferson County will submit annual reports describing affirmative marketing actions taken and an assessment of the results of these actions to comply with the requirements listed above.*
- b) Jefferson County will incorporate this language into all contracts. Failure to comply with Affirmative Marketing Requirements could result in default and demand for repayment.

*As required by HOME regulations

c. MINORITY BUSINESS OUTREACH EFFORTS

I. MINIMUM ACCEPTABLE OUTREACH STANDARDS

Section 281 of the HOME Investment Partnership Act and 24 CFR 92.350 requires that each participating jurisdiction prescribe procedures acceptable to HUD to establish and oversee a minority outreach program. As part of this effort, JEFFERSON COUNTY will comply with all applicable laws and regulations. Minimum HUD standards require that each outreach effort to minority and woman-owned businesses be:

- 1. A good faith comprehensive and continuing endeavor;
- 2. Supported by a statement of public policy and commitment published in the print media of widest local circulation;
- 3. Supported by an office and/or key, ranking staff person with oversight responsibilities and access to the chief elected official, and
- 4. Designed to use all available and appropriate public and private sector local resources.

II. JEFFERSON COUNTY'S MINORITY/WOMEN BUSINESS OUTREACH PROGRAM

The results for Program Year 2011 is reported on HUD Form 40107 Part II and is included in Appendix A. In its efforts to ensure the inclusion, to the maximum extent possible, of entities owned by minorities and women JEFFERSON COUNTY will:

- (1) Develop a systematic method for identifying and maintaining an inventory of certified minority and women's business enterprises (MBEs and WBEs), their capabilities, services, supplies and/or products. Jefferson County currently maintains such a list and is coordinating its efforts with the Birmingham Construction Industry Authority, the Birmingham Minority Business Development Center and Henry and Associates. Through these contacts, Jefferson County is able to compile and update its files and will be able to provide technical and informational support.
- (2) JEFFERSON COUNTY will use the local media, electronic and print, to market and promote contract and business opportunities for MBEs and WBEs. Any public notices or advertisements which appear in newspapers of general circulation will also appear in a minority owned newspaper serving the minority community;
- (3) JEFFERSON COUNTY will develop information and documentary materials (fact sheets, program guides, procurement forecast, etc.) on contract/subcontract opportunities for MBEs and WBEs;
- (4) JEFFERSON COUNTY will develop solicitation and procurement procedures that facilitate opportunities for MBEs and WBEs to participate as vendors and suppliers of goods and services. As part of these efforts, JEFFERSON COUNTY will continue its working relationship with the Birmingham Construction Industry Authority, the Birmingham Minority Development Center and Henry and Associates;
- (5) JEFFERSON COUNTY will sponsor business opportunities-related meetings, conferences, seminars etc., with minority and women business organizations. This is a regular feature of Jefferson County's Community Development Block Grant Program;
- (6) JEFFERSON COUNTY will maintain centralized records with statistical data on the use and participation of MBEs and WBEs as contractors/subcontractors in all HUD-assisted program contracting activities; and
- (7) JEFFERSON COUNTY will require any recipient of assistance under the HOME Program to conduct outreach efforts for individual projects.

HOMELESS

Homeless Needs

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Identify actions taken to address needs of homeless persons.

Jefferson County received \$90,320 in Federal Emergency Shelter Grant (ESG) funds for Program Year 2011 from the U.S. Department of Housing and Urban Development. From those 2010 funds, Jefferson County awarded grants to agencies that provide services to the homeless, those threatened with homelessness, and those providing services and housing for those living with HIV.

ESG Administration: Jefferson County, \$4,133

Bridge Ministries, \$5,000, Homeless Prevention – **Bridge Ministries** provides food and emergency financial assistance to prevent homelessness such as rent or utility assistance. Bridge also assists homeless people with deposits needed for them to move to permanent housing. Case management, referrals to other agencies for specialized assistance with foreclosure prevention, credit counseling, and legal services to help them further stabilize their housing situation.

Cooperative Downtown Ministries (The Old Firehouse Shelter), \$17,160, Operations & Essential Services – **The Firehouse's** mission is to provide homeless men a nurturing and caring environment while empowering each individual to reach his full potential. The Firehouse shelter operates a variety of programs to accomplish its mission including the following:

Emergency Shelter – Firehouse offers the only homeless men's emergency shelter in the community that does not have a specific time limit on the length of the stay.

Feeding Program – Firehouse serves three (3) meals a day to our community's homeless and hungry. Lunch is open to anyone that is hungry and serves up to 400 people a day.

Day Shelter – Firehouse operates the largest Day Shelter for homeless men in Birmingham. It is open five (5) days a week and on all inclement weather days. The Day Shelter offers homeless men the opportunity to come in out of the weather to a safe environment. The guests have access to a laundry, showers, toilets, lockers, toiletries, a weekly doctor's visit, and usually an afternoon snack that often borders on a full meal.

TEAM Program (Substance Abuse Recovery Program) – Firehouse's TEAM Program is a substance abuse treatment program structured specifically for homeless men. It takes addicted homeless men directly off the street and starts to introduce them to the 12 step model of recovery.

Case Management – As a part of Firehouse's efforts to empower each overnight guest, the guests must meet regularly with the case manager to determine their needs. The meetings are designed to assist them in discovering why they became

homeless and guide them in the direction that will allow them to be successful in overcoming their situation.

Transitional Housing Program – The Nashamah Transitional Housing Program serves up to 56 men at any point in time. The goal of the transitional housing program is to provide a time of transition from emergency shelter to permanent housing. Nashamah has three people to an apartment. Firehouse uses one of the apartments as an on-site office and another as a family room. The family room is used for program meetings and visits from family and friends. The goal is to ease participants back into a productive lifestyle. The apartments are supervised 24 hours a day, seven days a week. Participants can stay up to 24 months with the average being 12 months. Program participants are required to pay thirty percent (30%) of their income.

STOP (STreet Outreach Program) – STOP is a partnership with CAP (Citizen's Action Partnership) funded by HUD. The partnership was started to find a solution to the growing number of the street homeless in downtown Birmingham. The two (2) agencies agreed to partner to attempt to resolve this major issue in the community. The project serves anyone who is homeless and living on the streets in the Birmingham area and is not just limited to the downtown area.

Permanent Supportive Housing – In July 2003, The Old Firehouse Shelter (OFS) opened its first permanent supportive housing program. In December 2006, OFS expanded the program by 32 beds. Program participants pay for their rent, utilities, food and other necessities. This is done while surrounding them with the supportive services needed for them to maintain their housing. One of the main emphases of the supportive services is to allow OFS to intervene in a situation to prevent another homeless episode.

Safe Haven – The Safe Haven Program is housing for those homeless men with a severe mental illness. This population needs a non-intrusive, low demand environment that can assist them to reestablish trust and to eventually re-engage them in the treatment and services that they have been avoiding. A Safe Haven provides that type of environment. It is funded by HUD and has a capacity of 24. OFS opened the first Safe Haven program in the State of Alabama and it remains the only one in the state for homeless men.

Pathways, \$17,160 Operations & Essential Services - **Pathways'** downtown facility is a day shelter where food, clean clothing, showers and laundry facilities are provided to women and children who experience homelessness. Pathways operates two (2) transitional shelters, Parson Place (downtown) and one (1) on the Southside of Birmingham and the other in the Woodlawn community of Birmingham. Pathways provides workshops with topics such as self-esteem, money management, employment readiness, children's programs and parenting skills. Pathways' housing options range from transitional shelter to permanent housing. Pathways operates ten two-bedroom transitional apartments where families can stay for up to two (2) years. Finally, Pathways owns six (6) single-family houses at various sites in the community. These are leased to families who have been through the Transitional Housing Program. Pathways has also created a safe haven for chronically homeless women.

YWCA, \$12,000 Essential Services – **YWCA’s Interfaith Hospitality House for Families** is an emergency shelter for families with minor children. It is the only family emergency shelter in a permanent facility in the Jefferson County/Greater Birmingham area. Interfaith houses 4 families at a time. Each family is provided private sleeping quarters, all meals and snacks, laundry facilities and supplies, transportation assistance, clothing assistance and most importantly, case management to assist them in returning to self-sufficiency. Families are not charged for any services provided. Families must agree to participate in the program that includes job search and employment; sharing the responsibilities of running the household; and compulsory savings program. Children must also be enrolled in and attend regular school, and compulsory savings program. The Interfaith Shelter has moved into newer facilities with more space to accommodate more families.

2. Identify actions to help homeless persons make the transition to permanent housing and independent living.

Jefferson County has helped homeless persons make the transition to permanent housing and independent living through the funding of Aletheia House, Bridge Ministries, Cooperative Downtown Ministries, Pathways, and the YWCA (Family Violence Center & Interfaith Hospitality House) which offers various services and housing programs for various segments of the homeless population as identified in #1 above.

3. Identify new Federal resources obtained from Homeless SuperNOFA.

Specific Homeless Prevention Elements

1. Identify actions taken to prevent homelessness.

Program Year 2 CAPER Specific Housing Prevention Elements response:

To prevent homelessness, Jefferson County funded The Salvation Army for homeless prevention activities in the amount of \$36,500 in 2009 State ESG funds. Services provided by Salvation Army include financial assistance for past due utilities (disconnect notice) and rent or mortgage payments for people with an eviction or foreclosure notice, as well as assistance with utility or security deposits for homeless individuals or families with income to move into permanent housing.

Emergency Shelter Grants (ESG)

Program Year 2 CAPER ESG response:

- 1. Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).**

Jefferson County has continued to take an interactive approach in the coordination of services with the local Continuum of Care in order to address emergency shelter and transitional housing needs of homeless individuals and families. The needs, availability and gaps are submitted to Jefferson County by Metropolitan Birmingham Services for the Homeless (MBSH), the lead agency for the local Continuum of Care.

Jefferson County has ratified the Birmingham Ten-Year Plan to End Chronic Homelessness. This Ten-Year Plan will address emergency shelter and transitional needs of homeless individuals and families including subpopulations.

Through the 2010 Action Plan funding cycle, Jefferson County was instrumental in the support of agencies that provided homeless prevention services for individuals and families at risk of becoming homeless; that provided transitional supportive housing and permanent housing to homeless individuals who are addicted to alcohol and other drugs; that provided shelter to homeless families with minor children; provides day shelters and transitional housing programs for women and children; and that provided shelter for homeless victims of domestic violence, transitional housing for single women and families, day care for homeless children, after-school activities for homeless children of school age, and families who are homeless.

Of these programs, assistance was geared towards meeting the needs of those homeless individuals and families who required short-term emergency shelter/services and/or long-term emergency shelter/transitional housing.

Short-Term Emergency Shelter/Services: Aletheia House, Bridge Ministries, Cooperative Downtown Ministries, YWCA Interfaith Hospitality House, and Pathways.

Long-Term Emergency Shelter/Transitional Housing: Aletheia House, Pathways, and YWCA.

Assessment of Relationship of ESG Funds to Goals and Objectives

a. Evaluate progress made in using ESG funds to address homeless and homeless prevention needs, goals, and specific objectives established in the Consolidated Plan.

Based upon the financial resources of \$140,527 in federal ESG funds made available, Jefferson County has been able to meet approximately 95% of homeless needs for individuals and 80% of homeless needs for families during Program Year 2 of the Consolidated Plan.

b. Detail how ESG projects are related to implementation of comprehensive homeless planning strategy, including the number and types of individuals and persons in households served with ESG funds.

ESG funded programs are related to the implementation of a comprehensive homeless planning strategy by addressing the needs of various homeless populations as identified in number 1 above.

2. Matching Resources

Provide specific resources and amounts of new funding used to meet match as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.

b. Homeless Discharge Coordination

- I. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.**

c. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

Discharge Coordination Policy – Jefferson County works with the local Continuum of Care in the Discharge Coordination policies. Jefferson County also funded The Bridge Ministries \$5,000 in Program Year 2011 from Emergency Shelter Grant funds for Homeless Prevention Activities which may include assistance with utility or security deposits for homeless individuals or families with income to move into permanent housing. These funds are also used through cooperative efforts with local hospitals, hospice programs, and other health care providers to locate and assist families who are struggling to maintain housing because of health problems.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

Program Year 2 CAPER Community Development response:

- 1. Assessment of Relationship of CDBG Funds to Goals and Objectives**
 - a. Assess use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the Consolidated Plan, particularly the highest priority activities.**
 - b. Evaluate progress made toward meeting goals for providing affordable housing using CDBG funds, including the number and types of households served.**
 - c. Indicate the extent to which CDBG funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons.**

- a. Jefferson County has placed the highest priority on serving the housing needs of elderly homeowners. Approximately 87% of all beneficiaries fall into the elderly category. This in turn addresses the greatest needs. Jefferson County has exceeded the Goals and Objectives for the Emergency Housing Rehabilitation Grant Program and the Volunteer Based Housing Rehabilitation Program.

According to the Needs.xls workbook, as of September 30, 2012 Jefferson County has accomplished 100% of public facilities, senior centers, park and recreation activities, and fire stations funded with CDBG funds. Jefferson County has also accomplished 67% of water/sewer, public services (general) and sidewalk activities funded with CDBG funds as of September 30, 2012. All of these activities were High Priority activities based upon the level need as determined during the planning phase of the 5-Year Consolidated Plan.

- a. Jefferson County has exceeded the Goals for the Emergency Housing Rehabilitation Grant Program and the Volunteer Based Housing Rehabilitation Program.

- b1. Emergency Housing Rehabilitation Grant Program (CDBG): 59 homes repaired for lower income households broken down as follows:

<u>Goal</u>	<u>Actual Accomplishments</u>
20 - 0%-30% of MHI*	<u>31</u> - 0%-30% of MHI*

20 - 31%-50% of MHI

- b. All CDBG funds designated for housing activities have been used to benefit low and moderate income households as follows:

33 - 0%-30% of MHI

11 - 31%-50% of MHI

17 - 51%-80% of MHI

2. Changes in Program Objectives

- a. Identify the nature of and the reasons for any changes in program objectives and how the jurisdiction would change its program as a result of its experiences.**

There are no anticipated changes in Program Objectives. The Office of Community Development reviews programs and projects on an on going basis to determine both strengths and weaknesses and to determine if revisions are called for.

3. Assessment of Efforts in Carrying Out Planned Actions

- a. Indicate how grantee pursued all resources indicated in the Consolidated Plan.**
b. Indicate how grantee provided certifications of consistency in a fair and impartial manner.
c. Indicate how grantee did not hinder Consolidated Plan implementation by action or willful inaction.

- a. The Jefferson County Commission through its Office of Community & Economic Development has continued to have an ongoing policy of reviewing potential funding sources which could assist in the implementation of the Consolidated Plan.

- b. Jefferson County encourages eligible entities to apply for and receive funds under those federal programs covered by the Consolidated Plan. Jefferson County has concurred with all requests for consistency received in the year ending September 30, 2012.
- c. Jefferson County's Consolidated Plan was developed in consultation with multiple entities and approved by the Jefferson County Commission. The Office of Community & Economic Development has been entrusted by the Jefferson County Commission with the implementation of the Plan. The Commission further monitors the Office of Community & Economic Development on an ongoing basis.

4. For Funds Not Used for National Objectives

- a. Indicate how use of CDBG funds did not meet national objectives.**
- b. Indicate how did not comply with overall benefit certification.**

- a. Jefferson County's use of CDBG funds did meet the national objectives.
- b. Jefferson County did comply with overall benefit certification.

5. Anti-displacement and Relocation – for activities that involve acquisition, rehabilitation or demolition of occupied real property

- a. Describe steps actually taken to minimize the amount of displacement resulting from the CDBG-assisted activities.**
- b. Describe steps taken to identify households, businesses, farms or nonprofit organizations who occupied properties subject to the Uniform Relocation Act or Section 104(d) of the Housing and Community Development Act of 1974, as amended, and whether or not they were displaced, and the nature of their needs and preferences.**
- c. Describe steps taken to ensure the timely issuance of information notices to displaced households, businesses, farms, or nonprofit organizations.**

a., b., and c. Jefferson County has not acquired or demolished occupied real property in the Fiscal Year ending September 30, 2012. In the rehabilitation of owner occupied housing, the homeowner is not required to vacate the home while the work is being performed.

6. Low/Mod Job Activities – for economic development activities undertaken where jobs were made available but not taken by low- or moderate-income persons

- a. Describe actions taken by grantee and businesses to ensure first consideration was or will be given to low/mod persons.**

No new economic development activities were undertaken. However, Jefferson County ensured that the compliance to create jobs for low/mod persons was stipulated in the loan agreement for the economic development activities that are underway. Furthermore, a report is to be submitted semi-annually documenting the jobs created and the income eligibility.

- b. List by job title of all the permanent jobs created/retained and those that were made available to low/mod persons.**

The following permanent jobs were created for low/mod persons during PY 2010: cashiers, cooks, managers, technicians, administrative, sales specialists/managers, warehouse employees, porters, and drivers.

- c. **If any of jobs claimed as being available to low/mod persons require special skill, work experience, or education, provide a description of steps being taken or that will be taken to provide such skills, experience, or education.**

Under the Volunteer Based Housing Rehabilitation Program (CDBG), Jefferson County has leveraged volunteer labor on three (3) owner-occupied homes through Greater Birmingham Habitat for Humanity for the year ending 9/30/12.

2. Neighborhood Revitalization Strategies – for grantees that have HUD-approved neighborhood revitalization strategies

- a. Describe progress against benchmarks for the program year. For grantees with Federally-designated EZs or ECs that received HUD approval for a neighborhood revitalization strategy, reports that are required as part of the EZ/EC process shall suffice for purposes of reporting progress.

Response: NA

Antipoverty Strategy

1. Describe actions taken during the last year to reduce the number of persons living below the poverty level.

Program Year 2 CAPER Antipoverty Strategy response:

Housing

- A. In the Ketona community of unincorporated Jefferson County, twenty-two (22) units of special needs rental housing for the elderly have been completed (Hickory Ridge). All units are on one level and either adaptable or fully accessible. The development has Project-Based Rental Assistance which significantly increases affordability for Very Low Income elderly residents. Tenant rents are calculated at 30% of household income with the balance subsidized. In addition, significant savings will be realized by the tenants through energy efficient features that were included in each unit to reduce monthly utility costs.
- B. Six (6) qualified households received homebuyer assistance through Jefferson County's Home-Buyer Assistance.
- C. 62 housing rehabilitation jobs were completed for qualified home owners.
- D. One hundred and seventy-eight (178) households were counseled through the Jefferson County Fair Housing and Home-Ownership Counseling Agreement with the Jefferson County Housing Authority.

Non-Housing

Jefferson County through it's Center for Workforce Development has four (4) main goals to assist in the anti-poverty strategy: 1) create a delivery system that meets the needs of both employers and job seekers for a range of services, including customized services; 2) create an effective and cost efficient transitional support system to promote job retention; 3) create an integrated, results oriented career center system that provides easy access for both job seekers and employers to an array of quality services that promote workforce development; and 4) maintain a system that will empower individuals with the knowledge to choose the services they require, and develop a system that will make local service providers accountable for meeting those needs.

Adults have access to core services which are:

- Eligibility determination,
- Outreach and recruiting,
- Initial assessment and identification of needs,
- Job search and placement information,
- Information about job skills, life skills, occupational demands,
- Performance of training providers,
- Supportive services,
- Comprehensive assessment,
- Development of an individual employment plan,
- Group or individual counseling and career planning, and

- Case management.

NON-HOMELESS SPECIAL NEEDS

Non-homeless Special Needs

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

1. Identify actions taken to address special needs of persons that are not homeless but require supportive housing, (including persons with HIV/AIDS and their families).

Program Year 2 CAPER Non-Homeless Special Needs response:

Jefferson County has completed twenty-two (22) units of rental housing for the elderly in the Ketona Community of Jefferson County (Hickory Ridge). All units are fully adaptable/visitable. Seven (7) are fully accessible or serve those with sensory impairments which is one-third of all units. An agreement has been executed for the second phase of this development and is currently in the design stage.

Jefferson County has completed forty (40) units of rental housing for the elderly in the City of Pleasant Grove (The Arbors at Ellington). All units are handicap adaptable, two (2) are fully accessible and one (1) is accessible for those with sensory impairments.

Jefferson County has issued a Letter of Commitment for fifty-six (56) units of rental housing for the elderly in the City of Tarrant (Flats at Colebridge). This project has been awarded State HOME funds and Low-Income Housing Tax Credits through the Alabama Housing Finance Authority (AHFA).

Habitat for Humanity has completed six (6) homes all of which are visitable or fully accessible (as needed by homebuyer).

The Emergency Housing Rehabilitation Grant Program has assisted 44 homeowners that are elderly/disabled to make their homes more accessible for those with disabilities and/or allow them to remain in their home.

Specific HOPWA Objectives

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Overall Assessment of Relationship of HOPWA Funds to Goals and Objectives
Grantees should demonstrate through the CAPER and related IDIS reports the progress they are making at accomplishing identified goals and objectives with HOPWA funding. Grantees should demonstrate:
 - a. That progress is being made toward meeting the HOPWA goal for providing affordable housing using HOPWA funds and other resources for persons with HIV/AIDS and their families through a comprehensive community plan;
 - b. That community-wide HIV/AIDS housing strategies are meeting HUD's national goal of increasing the availability of decent, safe, and affordable housing for low-income persons living with HIV/AIDS;

- c. That community partnerships between State and local governments and community-based non-profits are creating models and innovative strategies to serve the housing and related supportive service needs of persons living with HIV/AIDS and their families;
 - d. That through community-wide strategies Federal, State, local, and other resources are matched with HOPWA funding to create comprehensive housing strategies;
 - e. That community strategies produce and support actual units of housing for persons living with HIV/AIDS; and finally,
 - f. That community strategies identify and supply related supportive services in conjunction with housing to ensure the needs of persons living with HIV/AIDS and their families are met.
2. This should be accomplished by providing an executive summary (1-5 pages) that includes:
- a. Grantee Narrative
 - i. Grantee and Community Overview
 - (1) A brief description of your organization, the area of service, the name of each project sponsor and a broad overview of the range/type of housing activities and related services
 - (2) How grant management oversight of project sponsor activities is conducted and how project sponsors are selected
 - (3) A description of the local jurisdiction, its need, and the estimated number of persons living with HIV/AIDS
 - (4) A brief description of the planning and public consultations involved in the use of HOPWA funds including reference to any appropriate planning document or advisory body
 - (5) What other resources were used in conjunction with HOPWA funded activities, including cash resources and in-kind contributions, such as the value of services or materials provided by volunteers or by other individuals or organizations
 - (6) Collaborative efforts with related programs including coordination and planning with clients, advocates, Ryan White CARE Act planning bodies, AIDS Drug Assistance Programs, homeless assistance programs, or other efforts that assist persons living with HIV/AIDS and their families.
 - ii. Project Accomplishment Overview
 - (1) A brief summary of all housing activities broken down by three types: emergency or short-term rent, mortgage or utility payments to prevent homelessness; rental assistance; facility based housing, including development cost, operating cost for those facilities and community residences
 - (2) The number of units of housing which have been created through acquisition, rehabilitation, or new construction since 1993 with any HOPWA funds
 - (3) A brief description of any unique supportive service or other service delivery models or efforts
 - (4) Any other accomplishments recognized in your community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.
 - iii. Barriers or Trends Overview

- (1) Describe any barriers encountered, actions in response to barriers, and recommendations for program improvement
 - (2) Trends you expect your community to face in meeting the needs of persons with HIV/AIDS, and
 - (3) Any other information you feel may be important as you look at providing services to persons with HIV/AIDS in the next 5-10 years
- b. Accomplishment Data
- i. Completion of CAPER Performance Chart 1 of Actual Performance in the provision of housing (Table II-1 to be submitted with CAPER).
 - ii. Completion of CAPER Performance Chart 2 of Comparison to Planned Housing Actions (Table II-2 to be submitted with CAPER).

OTHER NARRATIVE

Include any CAPER information that was not covered by narratives in any other section.

Program Year 2 CAPER Other Narrative response:

Homeless Prevention and Rapid Re-Housing Program (HPRP)

The purpose of the HPRP program is to provide financial assistance and services to either prevent individuals and families from becoming homeless or help those who are experiencing homelessness to become quickly re-housed and stabilized. The total expended during the Program Year 2011 was \$97,309.05. The grant was closed out during Program Year 2011 and the full amount of the grant was expended and drawn.

CDBG-R

Community Development Block Grant Recovery funds are being used for Housing Emergency Grant Program (improve energy efficiency and a green environment to the homes of qualified homeowners); Foreclosure Prevention Services through Legal Services and Job Retention through Child Care Resources. Legal services and child care services activities have been completed. The total expended during Program Year 2011 was \$113,943.28. The grant was closed out during Program Year 2011 and the full amount of the grant was expended and drawn.

NSP

Jefferson County has a history of commitment to the concept of neighborhood stabilization. Greater Birmingham Habitat for Humanity has a Development Agreement with Jefferson County to acquire, rehabilitate and resell foreclosed residential properties in order to stabilize neighborhoods and curtail the decline of

the values of neighboring homes. The total expended during Program Year 2011 was \$130,886.56. Two houses remain to be completed.

EECBG

Jefferson County is using EECBG funds for multiple activities. The primary emphasis is on energy retrofits for government buildings. A secondary emphasis is to provide advance energy technology to the Hickory Ridge Residential Community for the elderly. The total expended during Program Year 2011 was \$403,379.83. The construction phase is complete.

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
