

Jefferson County Volunteer Litter Roadside Cleanup Materials/Resources Request Form

Jefferson County roadside cleanup materials are specifically for litter found along the unincorporated Jefferson County roadways and ditches. They are NOT intended for yard debris, branches, or household trash.

By requesting cleanup materials and resources, you agree to submit signed volunteer registration sheets, digital pictures of the trash pile with volunteers, and any unused materials to the Jefferson County Stormwater Program, Roads, and Transportation Department.

We will collaborate with you and County crews to designate a location for trash bag placement during the cleanup. County crews will ONLY collect bags left in the designated locations.

We will make every effort to meet your requests as materials are available. Please fill out and submit this form at least one month before your cleanup to Hana Berres, Hana.Berres@jccal.org

Community Information:

Name of Community: _____

Are you coordinating this project for a congregation, neighborhood association, school, etc.? If so, please provide the organization name: _____

Mailing Address: _____ City: _____ Zip: _____

Web site: _____ FB page: _____

Contact Person:

Name (include title): _____

Mailing Address: _____

City: _____ Zip: _____

Email: _____

Cell Phone: _____

Event Details

Date: _____ Start Time: _____ End Time: _____

Registration location/address: _____

List the roadways/sections of roadways you plan to target for this cleanup. Include landmarks, crossroads, and linear miles. Be specific—this information is used for safety road sign placement.
